Annapurna Cottage Industries

<http://www.leafplate.co.in/>

We feature as one of the leading names in manufacturing and exporting of disposable plate making machines, Paper Cup Machines and more. The high quality and on time delivery of the consignment have been our strong points.

About Us

Established in **1987, Annapurna Cottage Industries**, has been one of the potent forces to reckon in the industry. We have always worked on full-scale production plan, which helps us to gain a strong foothold in the market. This has helped us to strengthen our stature as leading manufacturer, wholesaler and exporter of disposable plate making machines, paper plate machines, paper cup machines, lamination machines and many more. Our products are as par with international standards and apart from that we have well defined production plan, which helps us to overcome any eventuality. The high-end quality control measures have helped us to dish out products that are appreciated in the industry. To maintain the same consistency level, we have a highly skilled team of quality professionals who monitor the production. We follow a systematic approach that helps to understand the market growth and accordingly come up with strategies to establish our forte in the industry.

Infrastructural support is also one of the high points in our company. We have sprawling and plush factory premises, equipped with state of art technology, Hi-tech Machinery and assorted workforce. An imposing infrastructure tends to be playing an important catalyst in reaching new heights and achieving production targets. We have earmarked the premises in different segments, which not only streamlines the process but speed up the production. This helps us to identify ourselves as a highly organized...
